Health and Safety issues during COVID-19: Short survey for HSA stewards and joint committee members

April 2, 2020

HSA is gathering information from HSA OHS stewards and joint committee members about how the Joint Occupational Health and Safety committees are functioning at worksites during the current COVID-19 pandemic.

WorkSafe BC has confirmed these committees must continue to function during the pandemic.

Please take 2-3 minutes to complete the survey to inform how we can all work to ensure members' safety is safeguarded during this crisis. If you are an OHS steward or Joint Committee member and you do not receive a survey link, please email info@hsabc.org to request one.

Thank you.
