

Occupational Health and Safety

Christine Haessig, cytogenetics, Vancouver

What to do if you have reasonable cause to believe that performing a job or task puts you or someone else at risk:

**The work refusal continues until the safety issue is resolved.
Workers have the right & responsibility to contact WorkSafeBC
anytime at 1-888-621-7233 regarding unsafe situations.**

A safe and healthy workplace

As a member of HSA, you've got access to experts who can help ensure you can do your job free from fear of injury, exposure to harmful materials or having to do something that isn't safe.

HSA conducts regular OHS training for stewards -- check our [events page](#) if you'd like to find out how to attend the next one.

Contact HSA with any questions you have about safety in your workplace by contacting your steward to [getting in touch with HSA's office](#).
