HSA receive Team Challenge Award

October 13, 2009

Golden Star

HSA's Run for the Cure team in Golden was the proud recipient of this year's team challenge award in that community's Run for the Cure.

HSA is a platinum sponsor of the CIBC Run for the Cure and is the Union that represents over 120 health care professionals in the province. These health care professionals include the Mammographers, Laboratory technologists, Xray technologists, Physiotherapists, Pharmacists and Dietitians (to name just a few) that assist in the diagnosis and treatment of breast cancer. "Sadly, Joe Public thinks that all females working in health care are nurses" says spokesperson Donna Mason, "but without the members of Health Sciences Association, there would be a serious void in the deliverance of health care. Our members are often behind the scenes, providing the necessary diagnostic and treatment plans necessary for doctors and nurses to do their jobs. Without us, it would be a guessing game."
