

Speak up for health in BC 'conversation'

October 6, 2006

In September 2006, BC Premier Gordon Campbell launched a "Conversation on Health." A multi-million-dollar advertising campaign, complete with an interactive website, allows on-line participation, but the conversation also includes opportunities to participate in 16 regional forums starting in November 2006 across the province. At those forums, British Columbians are encouraged to participate with their ideas about what our health care system does. Forums will be limited to 100 participants who will be selected by random draw.

HSA members are encouraged to participate in the conversation. [More information.](#)
