Invitation to November 9 special town hall meeting on the future of health care in Canada

November 8, 2010

Are you concerned about the BC government's introduction of hospital user fees? Worried about the state of Home and Community Care for seniors and disabilities? Troubled by the growth of for-profit clinics and their legal attack on Medicare?

Federal Liberal Health Critic Ujjal Dosanjh has organized a Special Town Hall meeting on the future of Canadian Health Care to be held in Vancouver to launch a national dialogue on how to best defend, strengthen and improve the health care system over the course of the next decade.

The BC Health Coalition encourages all public health care supporters to attend this important event and send a message that the federal government must play an active role in supporting Medicare and to oppose for-profit health care.

- What: Special Town Hall meeting on the future of Canadian Health Care
