Deadline extended for members to apply to act as HSAs representatives on enhanced disability management

June 14, 2011

The deadline for expressions of interest to act as union representatives playing an active role in ensuring members realize the greatest benefit from the recently agreed to Enhanced Disability Management Program has been extended to June 30, 2011.

The extension is as a result of the excellent response to the initial call for representatives, and several requests for opportunities to learn more about the program and the role of the union in supporting its implementation.

Details about the opportunity can be [downloaded here](#).

For information about the Enhanced Disability Management Program, visit the HSA website at www.hsabc.org. Program details can be found under member services/enhanced disability management program.
