## Your questions from telephone town hall meeting

February 1, 2012

Two weeks ago, we held a special telephone town hall meeting for pharmacists concerned about government plans to cut your salary by up to 14%. Several hundred people took part in this important discussion, and we answered a number of questions from members like you.

Unfortunately, we have since learned that our technical supplier for the event made an error. As a result of this supplier error, some questions left by members at the end of the meeting were not received.

We want to make sure you have the answers you need. If you left a question at the end of the telephone town hall and you still haven't heard back from us, please take a moment to contact us directly with your question. You can call 604-928-1882 or send an email to [contract@hsabc.org](mailto:contract@hsabc.org)
