

Guest tweeters celebrate HSA professions

October 24, 2014

October 26 to November 1 is Respiratory Therapist week, and to celebrate, HSA has invited Lily Cheung, an RT at Vancouver General Hospital, to take over the HSA twitter feed for a week and post about daily life on the front lines of respiratory therapy.

It's all part of HSA's work to promote the visibility and public awareness of our member professions. Earlier in October, HSA invited occupational therapist Stephanie Glegg to serve as our first ever guest tweeter to mark October as Occupational Therapist month. We've got plans to give other professions their turn in the coming months.

Check it out by following us at www.twitter.com/HSABC. Learn more about it on our Facebook page at www.facebook.com/HSABC
