Day of Action November 12 calling for Ceasefire NOW

Millions of people around the world have been marching in support of an immediate ceasefire in Israel-Palestine and to end the unprecedented humanitarian disaster unfolding in Gaza.

Ceasefire NOW, supported by the National Union of Public and General Employees (NUPGE), which is a national union HSA is affiliated to, is making this urgent appeal to stage a pan-Canadian day of action in every part of the country, on Sunday, November 12.

The goal of the November 12 day of action is to build a massive turnout in every part of the country—not just thousands, but tens or hundreds of thousands.

So far, one event is planned in British Columbia – in Grand Forks. Events are being added daily. You can check back here [Find a local event — Ceasefire Now](#) to see if a march has been added to your community. If you are not able to participate in the day of action, you are encouraged to follow Ceasefire NOW on [Instagram](#), [Twitter](#), and [Facebook](#) to support the day of action.

You can also [Click here](#) to tell your MP, and all the party leaders, to support the Ceasefire NOW demands for:

- A Ceasefire NOW!
- An end the to the blockade of Gaza.
- Restoration of humanitarian aid.

Pressure is building on the federal government, but Prime Minister Justin Trudeau, along with Opposition Leader Pierre Poilievre, continue to oppose a ceasefire.

That's why NUPGE joins with Ceasefire NOW in urging participation in the Sunday, November 12 day of action.
