

Political Action Fund Application 2017 PROVINCIAL ELECTION

Note: Members seeking support to engage in grassroots political action or training, or to attend election campaign training, should use the form entitled: “Political Action Fund Application: Grassroots political action or training, & election campaign training”.

Members should use this “2017 Provincial Election form” to apply for Political Action Fund support to run as a candidate or work on an election campaign in the provincial election scheduled for May 9, 2017. The application criteria and process are outlined below.

Members are encouraged to apply as soon as possible, as applications will be considered in the order in which they are received while funds remain available. Applying early will also improve members’ chances of being able to schedule this time off work.

Members should discuss booking time off with their supervisor, but **should not finalize this until their application to HSA has been approved.** Please contact Carol Riviere at the HSA office if you have questions about this.

HSA members throughout the province who are running for office or working on campaigns in the provincial election may apply to HSA for the following financial support from HSA’s Political Action Fund:

1. Members who are **candidates** may apply for up to 30 days of wage replacement, up to \$200 to cover approved personal expenses incurred to run for office, and/or up to \$200 worth of in-kind donations for their campaign.
2. Members who are **working on a provincial election campaign** may apply for up to 30 days of wage replacement, but must confirm that they are donating at least 20 hours of their own unpaid time to work on the campaign.

Members may apply to take the time approved for election work as a single block of time, or in several blocks of time that total a maximum of 30 days.

Important note: Elections BC treats the full amount paid by HSA for wage replacement and benefits for a member performing campaign work during the campaign period from the day the election is called until the end of Election Day (usually 29 days) as an election expense against the candidate’s/constituency’s campaign spending limit.

It is therefore essential that the election campaign you wish to work with, agrees to accept the entire value of your wage replacement during this time period. The campaign manager or financial agent **MUST sign your application to indicate acceptance of this amount, or your application will not be approved.** If the campaign you wish to work for does not yet have a campaign manager or financial agent, then please contact Carol Riviere at the HSA office.

Members may also apply for support to carry out campaign work before or after the campaign period. Members interested in this should contact Carol Riviere at the HSA office. Spreading out your campaign work may make it easier to book the time off work, as well as enable a campaign to accept the value of your union-paid leave
