Wear PINK against bullying!

February 29

HSA is proud to support Pink Shirt Day in BC on February 29, and encourages members to show our solidarity by wearing pink on Wednesday.

The Pink Shirt Day initiative, originating in support for bullied youth, has grown to encompass concerns regarding violence in society as a whole. In particular, awareness is growing about bullying in workplaces.

HSA advocates for workplaces free of bullying and urges employers to view the elimination of bullying as a cornerstone of their programs for overall safety and prevention of violence.

Send us your photos! If we use your photo on HSA's facebook page, we'll send you a special prize. Send photos to contract@hsabc.org.
