TELUS Tour for the Cure arrives in Terrace

HSA members are invited to attend the official opening for the TELUS Tour for the Cure in Terrace on Thursday, July 27 at 11 a.m. at Skeena Mall.

The TELUS Tour for the Cure is an informative and interactive exhibit that will travel to communities across British Columbia over the next eight months to promote the value and importance of breast health and mammography screening. The Tour is part of a campaign by the Canadian Breast Cancer Foundation to help women detect smaller tumors earlier.

The tour exhibit includes several panels that address a number of themes related to breast health. HSA is the official sponsor of the mammography panel.

All HSA members in the Terrace area are encouraged to visit the display on the following days:

July 27, to July 29, 2006
- Skeena Mall -
