

Please Don't Shop **at PriceSmart!**

We're the employees of Save-On Foods. We're the mothers, the fathers, the students, the ordinary people who work at Save-On Foods stores and live in the community.

Our employers, the Overwaitea Food Group (Jim Pattison Group company) changed the Whalley Save-On Foods store at 10312 King George to a PriceSmart store.

In doing so, Overwaitea is taking away our job security and threatening our futures, and they are violating our contract to do it.

This isn't fair, nor is it right.

It used to be a fundamental right of workers to be rewarded for their loyalty to the company, but Overwaitea management wants to drive business to its new stores with their lesser wages and benefits, eventually leading to job loss through the elimination of existing Save-On stores.

Help send Overwaitea management a message
by not shopping at this PriceSmart store.
