CAMRT contest: Vote for your favourite videos & photos during Medical Radiation Technology Week!

Have you seen this amazing video by Vancouver General Hospital CT techs Michael Banting and Allen Miller?

<http://www.youtube.com/watch?v=WVKwgHQWHXg>

It's a finalist in the Canadian Association of Medical Radiation Technology's Very Image of Care contest. The video features CT techs, MRI techs, X-ray techs, nuclear medicine techs, and radiation therapists at Vancouver General Hospital and BC Cancer Agency (Vancouver Cancer Centre).

Vote for your favourite videos & photos during Medical Radiation Technology Week (November 6-12)!

"There are many other great video and photo entries and watching them makes me feel proud to be an MRT," says Michael. Michael & Allen's entry – V09 -- is the only video finalist from BC.

You can vote here:
