Community Health Services and Support: New bargaining dates scheduled

Community Health bargaining is scheduled to resume January 7, 2013.

When bargaining resumes in the new year, the bargaining committee is looking for the employer to bring a solid offer to the table that meets the needs of the Community Bargaining Association

The CBA represents more than 14,000 members, the majority of whom are represented by the BCGEU. Other unions at the table are HSA, UFCW, HEU, CUPE, USWA, and CLAC.
